DIRECTORS' REVIEW TO THE MEMBERS

On behalf of the Board of Directors of BIPL Securities Limited, we are pleased to present the unaudited financial statements of the Company for the guarter ended September 30, 2021.

Economic Review

The external account concerns became more pronounced during the outgoing quarter as rising commodity prices and increasing imports wiped out gains made earlier. To this end, the current account deficit increased to a total of US\$2.3bn during July'21 and August'21 as opposed to a surplus of US\$838mn during SPLY. A 68%YoY growth during the same period in import bill has far outstripped a 35%YoY growth in exports and 10%YoY growth in remittances. This had a direct impact on PKR/USD exchange parity where PKR depreciated by 10.3% against the USD during the outgoing quarter.

Inflationary pressures, owing to escalating CAD and rising commodity prices, have kept inflation on the high side and the headline inflation throughout the quarter averaged around 8.6% mark. This forced the State Bank of Pakistan (SBP) to finally raise the benchmark interest rates (Discount Rate) in the country by 25bps to 7.25% while also giving indications of more hikes in the coming months.

On the positive side, tax collection numbers have remained robust so far, amid soaring import bill and resumption of economic activities in the country. Consequently, the cumulative tax collection during 1QFY22 was PKR1.4trn, against a target of PKR1.2trn, up 38%YoY. The revenue collection is mainly driven by 52% contribution from tax collection at import stage while only 48% is from domestic taxes.

Equity Market Review

The equity markets remained jittery throughout the quarter where the index returned -5.2% during 3QCY21. The average trading volume in the outgoing quarter clocked in at 564.2mn shares per day, down 32%QoQ. Concerns related to a change in regime in Afghanistan after US evacuation, delay in conclusion of current negotiations with IMF and soaring commodity prices dented overall sentiments in the market and kept investors at bay.

Debt and Currency Market Review

Owing to mounting inflationary pressure and in a bid to control CAD the SBP upward revised the interest rates in its last review as mentioned above. The central bank remains wary of further deterioration in CAD and may be forced to revise interest rates again in November's MPS. Yields on GoP papers have already gone up by 28bps-40bps since the last MPS signifying market's anticipation of another hike of 25bps to – 50bps in the next MPS.

The PKR has lost 6.8% against the USD since the start of CY21 due to increasing CAD led by rising high commodity prices and robust local demand.

Operating and Financial Performance

During the period ended September 30, 2021 the Company reported the following results:

	2021	2020
	(Rupees	in '000)
Profit before taxation	213,164	87,426
Taxation	(68,423)	(30,158)
Profit after taxation	144,741	57,268
Accumulated (loss) as at January 01	(314,763)	(408,763)
Accumulated (loss) as at September 30	(170,022)	(351,495)
Earnings per share	1.45	0.57

The company managed to substantially increase its bottom line on the back of 66% growth in revenue generated from the equity business, 15% growth in FX revenues and 10% jump in money market earnings. As opposed to this the total regular operating costs of the company grew by only 15% to PKR 280mn during the same period. Due to the high growth in company topline the profit before tax saw an increase of 144% to PKR 213mn for the period under review.

Future Outlook

We expect the equity market to remain weak to range bound in the near term due to regional political issues, ongoing talks with IMF, worsening CAD, concerns on rising inflation and thus increasing interest rates and a weakening PKR.

Acknowledgement

The Directors wish to record their gratitude to the Company's valued clients, shareholders, business partners and other stakeholders for their continued trust that they have reposed in the Company. The Board would also like to record their appreciation to the employees of the Company for their commitment and dedication.

"The net assets of SVPL have reduced due to full impairment of investment of Rs. 81.567 million in an associated company New Horizon Exploration and Production Limited (NHEPL), and provision against advance for purchase of land of Rs. 375 million."

SVPL had given advance against purchase of property of Rs. 375 million which was being developed as a Housing Scheme (the 'Project') by M/s. Noor Developer (Private) Limited (the 'Developer'), the majority shareholder of which is Mr. Arif Ali Shah Bukhari. This amount includes development charges of Rs. 75 million paid to the Developer. The Developer had communicated in the previous years that the Project was pending final approval from the Cantonment Board Korangi Creek (CBKC) for last few years due to modification and revision required by the CBKC in the Project.

During the year 2015, the Developer cancelled provisional booking vide its letter dated June 15, 2015 and in response, SVPL has filed legal suit for specific performance, declaration, injunction, partition and damages in the Sindh High Court.

In addition to the above, as per CBKC letter to Military Lands & Cantonments dated July 04, 2011, the land on which provisional booking was made is not eligible for the type of allotment made to SVPL as per sale agreement dated November 10, 2010 between SVPL and the Developer. Further, the development work on the Project, as communicated by the Developer vide their letter dated December 28, 2013, has also not been undertaken.

Moreover, verification from the Registrar of Housing Society has revealed that no record exists for the said Project, namely Noor Town, situated at survey number 288, 289 and 290 at Deh Korangi Township Karachi. Prima facia a fraud was committed with the Company against which, criminal and civil proceedings have already been initiated.

Considering the facts stated above, the history of this transaction and legal implications, SVPL as a matter of prudence, has fully provided this amount. Hence, the Company's investment in SVPL stands impaired.

On request of the Company for complaints against Criminal Acts of M/s. Noor Developers (Private) Limited, SECP vide its letter dated September 27, 2017, has informed that appropriate steps have been taken as to referring the matter to National Accountability Bureau (NAB) under Section 41-B of Securities and Exchange Commission of Pakistan (Amendment) Act, 2016. On the recommendation/ approval of SECP, NAB has initiated enquiry into the matter.

During the period, the Company has recognized further impairment as the net assets of SVPL has decreased due to operating losses.

The recoverable amount of investment was estimated using "Value in use" approach. In considering the impairment, various business assumptions for estimating cash flows were used, which includes but are not limited to, historical performance of the investment, development and production activity in NHEPL's working interests, recoverability of future cash flows from the investment etc. Based on such analysis, the Company fully impaired it's investment in NHEPL and an impairment loss of Rs. 31.63 million was recognised upto year 2016. CONTINGENCIES AND COMMITMENTS 15

15.1 Contingencies

There is no change in the status of contingencies as disclosed in the published annual financial statements for the year ended December 31, 2020.

However the status of the following cases are presented below:

- 15.1.1 The income tax authorities substitute Section 5A of Income Tax Ordinance 2001 through Finance Act 2017 which requires company to be subjected to additional tax of 7.5% of the accounting profit before tax if it fails to distribute at least 40% of profit after tax within six months of the end of tax year through cash or bonus. However, the company has filed an appeal before the Honorable High Court of Sindh at Karachi dated September 29, 2017. The Honorable High Court of Sindh has granted Stay orders in favor of the company. During the year 2021 the Honorable High Court of Sindh at Karachi dated April 30, 2021 decided the appeal in favour of the company. Accordingly, no provisions has been made in these financial statements.
- 15.1.2 In response to SVPL's Suit filed against Noor Developers (NDPL) & others, Arif Ali Shah Bukhari & Noor Developers filed Suit No.714/2018 against the Company & others. This Suit is basically a counterblast to the criminal and civil proceedings initiated by the Subsidiary Company against Mr. Bukhari and NDPL. The said Suit is inter-alia for cancellation of the Sale Agreement and for recovery of Rs.275 million along with special damages of Rs.4.355 billion and general damages of Rs.4 billion. In addition, Mr. Arif Ali Shah has filed another Suit (1829/2019) against the Company & others, stating amongst other things that his claim alleged in Suit No.714/2018 is a contingent liability. As per management's view, the claim of Mr. Bukhari is baseless, therefore, it does not required to be disclosed as contingent liability, however, as a matter of abundant caution, the subject case has been disclosed in the financial statements. As per the opinion of the Company's legal counsel, the assertions made by Mr Bukhari in the suits are not likely to be upheld by the Court and the management based on the opinion of its legal counsel is confident that these Suits are likely to be dismissed by the Honorable Court. However, the said suit has been unconditionally withdrawn by the petitioner.
